| | PM | And now is the time to write into history something that we will regret in time If we don't do something about it now, it will never happen and then 100 years from now, 50 years from now, our families will be lost. Don't forget, English, Irish, Scots, whoever you are just look into this and get your history involved and see who you are. Its one of the greatest things in the world to know who you are. |
